Attorney General John Ashcroft
US Department of Justice
950 Pennsylvania Avenue, NW
Washington, DC 20530-0001

Dear Mr. Ashcroft:

I would like the Department of Justice to agree to the provisions of the November decision and settle the Microsoft antitrust suit. Those nine states are unfairly holding up the end of the court case. Microsoft has in good faith made concessions and now it is time to stop this litigation. U.S. District Judge J. Fredrick Motz made a bad court decision when he ruled on January 11th. Let us move on. We have spent enough time on these issues.

Sincerely,
Barbara Reinoehl
